**APIARY REGISTRATION FORM AND
REQUEST FOR PESTICIDE NOTIFICATION**

California Food and Agricultural Code (FAC) Section 29040 requires registration of your colonies within 30 days of the new calendar year, or no more than 30 days after arriving in the state. A completed registration form, including current apiary location(s), and \$10 fee are required before your bees can be registered and the Request for Pesticide Notification can be honored. We use the location information when issuing pesticide permits and for responding to possible complaints. Checks are payable to Nevada County Department of Agriculture. Bee yard locations may also be submitted electronically to agdept@co.nevada.ca.us.
